Jat Education Society (Regd.), Rohtak

Dear students and staff members, it is a very proud occasion for all of us that our great forefathers established our beloved All India Jat Heroes Memorial College in 1944 on the strong basis of broad thinking, unwavering faith and hard work. That college has become 78 years old touching new heights while moving forward according to its goals. Due to the hard work and dedication of all of you, due to facilities and new courses, it is progressing more every year. In this college, students are getting all the facilities of university level. International level shooting range, indoor stadium and modern laboratories have been established here. There are separate hostel facilities for girls and boys. The pollution free and green campus is helpful in the allround development of the students. The Youth Red Cross unit of the college has been awarded the State Championship trophy and Best Volunteer trophy by His Excellency Hon'ble Governor Bandaru Dattatreya in addition to this or Besides this year for its service and we have also had a special place in sports. The college has won the overall trophy for the 26th time in a row which is also a record in itself. Five Units of NSS, YRC, NCC and Women cell are working in the college, in which students participate in the work of spreading awareness on topics like environmental protection, saving water, global warming and women empowerment. Every year our students are getting leading position in the graduate and post graduate merit list of Maharshi Dayanand University. The college administration lays special emphasis on the placement of the students. Last session, 160 students were selected in the job fair, out of which many students got good placements. The college has played an important role in preparing many administrative officers, educationists, patriots, military officers, national and international level players in the last 78 years. The campus is under the surveillance of CCTV cameras. Mobile messaging facility has also been started so that all the students and their parents can get all kinds of information about the college. I would like to thank all the teachers and non-teaching staff working here, due to whose untiring efforts we have created new dimensions in the field of education. Along with this, I appeal to the students and their parents to do all possible cooperation for the betterment of the college, as well as stay connected with the college and share their suggestions with us.

With best wishes,
